Terms and Conditions

When you enroll in our Bank Your Change™ savings service, we round up the amount of any check card purchase (Signature or PIN based) made by you or any check cardholder of your checking Account to the next whole dollar amount, and transfer the amount in excess of the purchase price from your Checking Account to the designated deposit account(s).

We aggregate the Bank Your Change™ portion from purchases that post to your Checking Account each business day and make a single transfer at the end of the business day. A Bank Your Change™ transfer will not occur on a business day in which the originating checking account has a balance of \$15.00 or less.

If your check card purchase is subsequently cancelled or reversed, the corresponding Bank Your Change™ transfer will remain in the designated account(s). We may cancel the Bank Your Change™ service at any time. Bank Your Change™ is available only on check cards linked to your MidWestOne Bank Checking Account indicated above.

If the checking Account with Bank Your Change™ savings service is closed or any accounts receiving Bank Your Change™ transfers are closed, the Bank Your Change™ service will be cancelled. You agree to notify the bank in writing if you wish to cancel the Bank Your Change™ savings service.
